RECOMMENDING CONCERTS SA & IKS CULTURAL CONSULTING

The Music In Africa Foundation (MIAF) has worked alongside Concerts SA since our inception in 2013. Together we have been able to promote and grow live music in South Africa, and have encouraged musicians to embrace their passions and pursue sustainable careers.

MIAF has benefitted from a longstanding relationship with Andre Le Roux of IKS Cultural Consulting. His expertise and experience have been an invaluable asset to guiding the MIAF towards its vision. We are confident that he and his team are some of the best arts professionals South Africa has to offer, and applaud their commitment and passion for a better arts sector in South Africa.

It is without hesitation that I recommend Concerts SA and IKS Cultural Consulting, and encourage all who are passionate about the arts on the African continent to engage with them and their strategic projects.

Sincerely
